

## Group Search Group

**July 9, 2003**

The "group" was a little small. Joe Soter and I were the only attendees. Guess everyone has a position already....Seriously though, I know sometimes things get in the way and some folks could not get to the meeting even though they wanted to be there. Not to worry, there is another meeting next week, July 15, 2003.

If you are one of the chapter members that are in the hunt for your next position, please come and join us next week. I have a hot lead that just came in for a Facilities Services Manager in Anaheim. They are ready to hire NOW! That is all I'm going to say for today on the subject. If you are interested, come to the meeting next week. Attendees will get first crack at it.
