

March 2005

Gary Bittner, Water Factory Systems. Gary, who is a new member jumped right in to support the Chapter by volunteering to help on the Hospitality and Winter Fun Fair committees. Gary also volunteered to assist with the WESTFAC conference and has been extremely supportive in obtaining sponsorships.

February 2005

Janie Watanabe, TRL Systems, Inc. Janie served on the Hospitality Committee and the Membership committee. She also helped with the St. Patrick's Day Golf Tournament. She has been responsible for bringing in three new members this year. She has also been involved in two roundtable discussions, one of which she was the featured speaker.

January 2005

John Czorniak, Pacific Building Care, Inc. As an integral part of the Associates Committee, John had the difficult task of dealing with the hotel and the overall coordination of the January Winter Fun Faire. On the day of the event he acted as the troubleshooter to make the event run smoothly. John put many hours in making this come together and we all appreciated his commitment to IFMA OC.

November 2004

Betty Friedrichs, Bentley Prince Street. Betty stepped in on short notice and coordinated the November monthly meeting at the Discovery Science Center. We appreciate all that Betty does for our chapter. This is just one of the many events that have been successful due to Betty's special touch.

October 2004

Tony Soriano, World Workplace Fun Coordinator: Tony was assigned the unique task of coordinating the chapter's activities for our trip to Salt Lake City. Tony was able to secure sponsors for the fabulous OC shirts and trading pins, coordinate times for all of us to hang out and locate wonderful food. Tony arranged for a private tour of the Franklin Covey field with the Salt Lake City chapter. Tony's re-cap & slide show at the next chapter meeting! Thanks Tony it was a blast!

August & September 2004

Jeremy Moyer - RMC Facilities Services He assumed ownership of negotiating our contract with Black Gold - everything from the green fees to the menu coordination. He took ownership of researching and procuring the trophies for the event. In addition to this, he took the time to coordinate the drinks for our players so they would not go thirsty on the course - Thanks Jeremy!

Jeff Kothe - Archoustics West From start to finish, Jeff did an incredible job of building public awareness of the IFMA Golf tournament. Using his eloquent writing skills and diligent photography, he followed up with a thoughtfully written recap of the event accompanied by his photos. Jeff takes ownership and pride in the commitments that he graciously agrees to fulfill.

Charlie Brown - Comlock Security Behind the scenes, he quietly makes sure that the website is up-to-date with the latest breaking IFMA OC news. He kept the website publicity for the IFMA Golf tournament current, assuring that even our last minute registrants would be informed about this event. Posting all of the photos for nearly 144 players (photos of players - compliments of Bill Conley & Anita Ciminesi) with their corresponding names is no small task! Thanks Charlie!!

July 2004

Jane Casanova -

Jan made an outstanding contribution to the Awards banquet committee that was held in June. She also put forth a great effort with the recognition luncheon. Jane provided the photography for both events. It takes someone with a special personality to corral all those people into having their pictures taken! The photos are great memories for us.
